

Lexington County Peach Festival Parade Route

Parade Details (Subject to change)

The parade will line up on Crosson Street and onto Broad Street toward the Post Office. To get in the line-up, enter on Broad Street – from either direction. The parade officially begins at the corner of Crosson and Hampton Streets. It will turn right onto Main Street and continue just past Hayes Street where it will turn left onto an access road that goes into the primary school campus. It will then turn right, over the hill and into the high school parking lot. Vehicles may park there or exit back onto Main and then Two Notch. Two Notch intersects Juniper Springs which will bring you back into Gilbert.

Riders may exit their float or vehicle where the parade turns to go to the high school parking lot.

Please DO NOT EXIT your vehicle on Main Street as this bogs down the parade and causes a back-up. There will be limited parking where the parade turns to go to the high school parking lot.

Tractors in the tractor show will not turn into the high school but will go around the back of the middle school and come out on Rikard Circle.
